DISTRICT OF COLUMBIA MEDICAID FACTS

How is DC meeting the needs of Medicaid enrollees?

**Value-Based Healthcare Initiatives**

Health Homes are offered to those with serious mental illnesses (SMI) through capitation payments. Benefits include comprehensive care management, health promotion, patient and family support, and referrals to community and social support services.

Centers for Medicare & Medicaid Services (CMS) is collaborating with DC to support a new health service delivery and payment method known as the State Health Innovation Plan (SHIP) for the District. The program seeks to integrate care delivery, create alternative payment models, increase health equity by addressing social determinants of health, and enhance consumers' experience of care to make the health care system more accessible and user-friendly.

**Family Planning**

Pregnancy testing, counseling for women and couples, routine and emergency contraception, immunizations, screening for all sexually transmitted infections, treatment for all sexually transmitted infections, sterilization procedures if age 22 or older, HIV/AIDS testing and counseling, and prenatal and postpartum care are covered.

**Women’s Health**

Family planning services, inpatient and outpatient hospital care, pregnancy-related care, treatment for breast and cervical cancer, prenatal visits and vitamins, ultrasound and amniocentesis screenings, childbirth by vaginal or caesarean delivery, and 60 days of postpartum care are covered.

Free-standing birth center services are covered (routine prenatal care, labor and delivery, and postpartum care) under a fee-for-service arrangement.

Nurse midwifery services are covered under a fee-for-service arrangement.

**Behavioral Health**

DC offers mental health and substance use benefits that include crisis intervention services, inpatient and outpatient detoxification, day services, supported employment, teledmedicine reimbursement, residential habilitation, alcohol and drug treatment program, behavioral health hotline services, psychosocial rehabilitation, and psychotherapy.

Selected drug therapies: methadone, naltrexone, naltrexone, disulfiram.

**Oral Health**

DC Medicaid provides a comprehensive dental benefit for children and adults through a fee-for-service arrangement including:

- Regular dental checkups twice a year
- Tooth extractions
- X-rays
- Cavity filling
- Dentures
