* Emergency Medicaid services only.

**Important News**

- **September 2016** - A new law went into effect that allows Medicaid to cover telehealth services for schools. This allows speech therapists and consultants to teleconference into the classroom; without being permanently hired by the school.⁵

- **February 2017** - In an effort to cut costs, the governor releases a state health care budget that will make it more difficult for people with disabilities to be eligible for in-home and nursing care. Additionally, there is a 3% rate decrease for Medicaid health care providers.⁶

- **May 2017** - Missouri issues a request for proposal to transition to a statewide managed care program to administer the state Medicaid program. Aged, blind, and disabled enrollees will continue to be covered by the traditional MO HealthNet plan.⁷

  Blue Cross Blue Shield of Kansas City declares that it will be withdrawing itself from the ACA marketplace, leaving 25 Missouri counties without any ACA marketplace exchanges.⁸

**How has Missouri’s Medicaid program engaged in Managed Care?**

**SECTION 1115 WAIVERS**¹⁰

The Missouri Gateway to Better Health program was created to cover uninsured individuals age 19 to 64 up to 100% of the FPL in a limited provider network. It includes an incentive payment model for savings if providers demonstrate the use of certain health outcome measures, increased administrative support, and the provision of infrastructure payments to providers.

**APPROVAL:** 7/28/10

**EFFECTIVE:** 8/1/10

**EXPIRATION:** 12/31/22

**Status:** Extension pending approval

MISSOURI MEDICAID FACTS

How is Missouri meeting the needs of Medicaid enrollees?

Value-Based Healthcare Initiatives
Missouri created a health home option for individuals with multiple chronic medical conditions and serious mental illness (SMI). Health homes receive a capitated rate to coordinate care for all enrollees. The program includes a dedicated care team including a care coordinator, nurse care manager, behavioral health consultant, and administrative personnel. All other Medicaid services are reimbursed on a fee-for-service (FFS) basis.¹¹

The Missouri Foundation for Health launched the Advancing Chronic Care through Excellence in Systems and Support (ACCESS) program in 2010, designed to improve the delivery of chronic illness care. ACCESS works with federally qualified health centers (FQHC), local health departments, hospitals, and academic health centers through a learning collaborative model to improve team care and care coordination.¹²

Family Planning
Covered services include:¹³
- Obtaining a medical history
- A pelvic examination
- Pap smear
- A breast examination
- Laboratory and x-ray services
- Pregnancy tests
- HIV blood screening testing performed as part of a package of screening testing and counseling

The state operates an entirely state-funded program to provide family planning services.¹⁴ MO HealthNet, through Missouri’s Women's Health Services Program, provides up to one year of coverage for uninsured women ages 18 through 55 who have lost their MO HealthNet eligibility 60 days after the birth of their child.¹⁵

Women’s Health
Missouri's Women's Health Services Program, MO HealthNet, offers women's health services to women ages 18 through 55 who have a family income at or below 185% of the federal poverty level (FPL).¹⁴

Through the Missouri Department of Health and Senior Services (DHSS) Show Me Healthy Women program, MO HealthNet provides coverage for uninsured women under the age of 65 who have been screened and are in need of treatment for breast or cervical cancer. This includes treatment of certain pre-cancerous conditions and early-stage cancer.

Oral Health¹⁹
Children have coverage for dental services, and in some cases, orthodontics through Missouri's Healthy Children and Youth Program. As of FY 2017, MO HealthNet Division expanded dental coverage to adults. Services include:

- Preventive services
- Restorative services
- Periodontal treatment
- Oral surgery
- Extractions
- Radiographs
- Pain evaluation and relief
- Infection control

Federal

1965
President Johnson signs Social Security Amendments of 1965, creating Medicaid as public health program for the poor.

1967
Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) services are a requirement for children enrolled in Medicaid.

1972
Supplemental Security Income (SSI) program becomes Medicaid eligibility category for the elderly and persons with disabilities.

Missouri

1967
Missouri adopts the Medicaid program.

1972
Home and Community-Based Services (HCBS) waivers created for Long-Term Care (LTC) and Disproportional Share Hospital (DSH) payments.

1981
Children and pregnant women become mandatory Medicaid eligibility groups.

1984
Children up to age 6 and pregnant women up to 133 percent of the federal poverty level (FPL) become eligible; EPSDT benefit expanded.

1989
Mandatory eligibility extended to children ages 6 to 18 years in families up to 100 percent FPL; eligibility phased in from 1990 through 2002.

1990
Balanced Budget Act of 1997 allows Medicaid to be delivered through managed care organizations; State Children’s Health Insurance Program (CHIP) created; states now have option to provide coverage for uninsured children in low-income families above FPL.

1995
Olmstead decision allows expanded HCBS coverage for persons with disabilities.

1997
Affordable Care Act (ACA) expands Medicaid eligibility to adults with incomes up to 138 percent FPL.

1999

2001
ACA implementation begins.

2005
Missouri creates a Program for the All-Inclusive Care for the Elderly (PACE) program to cover primary and acute care and long-term services and supports for individuals age 55 years and older who choose to enroll and who require nursing home care.

2009
The Missouri General Assembly enacts legislation that reduces optional Medicaid services provided to adults, unless the individual is receiving benefits under a category of assistance for pregnant women or the blind. The reduction in the income-level requirement is approximately 18% of the federal poverty level (FPL).

2010
MO HealthNet managed care members receive pharmacy benefits through MO HealthNet fee-for-service (FFS).

2012
Missouri begins a health home option for people with serious mental illness (SMI) and multiple chronic medical conditions to coordinate all Medicaid services, including physical and behavioral health.

2014
Missouri legislators approve expanding dental services to adults for FY 2016 and 2017. Services for adults were previously limited to trauma of the mouth and medical conditions.

2015
31 states and the District of Columbia (DC) have expanded Medicaid since passage of the ACA.

2017
