Important News

**March 2016** - House Bill 2665 attempted to eliminate Medicaid eligibility for non-pregnant, able-bodied adults younger than age 65. However, the bill did not pass the Senate.

**May 2017** - The Oklahoma Dental Association Council on Governmental Affairs decided not to support DentaQuest’s proposed language requiring the Oklahoma Health Care Authority to enter into a contract with a managed care company with dental care carved out.

How has Oklahoma’s Medicaid program engaged in Managed Care?

SECTION 1115 WAIVERS

Oklahoma SoonerCare created a managed care delivery system for the state Medicaid program. In 2004, a statewide primary care case management (PCCM) program replaced the initial managed care infrastructure and offered coverage for the majority of Medicaid enrollees. An amendment proposal was submitted 01/01/2018, and an extension request was submitted on 12/29/2017. The amendment seeks to implement workforce training for Medicaid providers. As of June 2018, both are still pending approval.

Do Medicaid health plans provide coverage?

[ ] YES [X] NO

How is Oklahoma meeting the needs of Medicaid enrollees?

**Family Planning**¹⁰

**SoonerPlan** covers the following family planning services:

- Birth control information and supplies
- Office visits and physical exams related to family planning
- Laboratory tests related to family planning services, including pregnancy tests, Pap smears and screening for some sexually transmitted infections.
- Tubal ligations for women age 21 and older
- Vasectomies for men age 21 and older
- Gardasil for males and females through age 26

**Women’s Health**

Covered pregnancy services include:¹¹

- Routine visits
- Delivery services
- Ultrasounds
- Prescriptions
- Lactation consultation services
- Smoking cessation
- Specialty visits (when medically necessary)
- Labs & diagnostics related to pregnancy
- Maternal & infant health social work
- Diabetes testing supplies
- Genetic counseling
- High-risk obstetric care (when medically necessary)

Oklahoma’s Breast and Cervical Cancer Treatment Program provides:¹²

- Breast and cervical cancer and pre-cancer diagnosis and treatment
- SoonerCare coverage that includes the full range of services (not only cancer treatment)

**Mental Health and Substance Use Disorder**

A basic package for behavioral health services are offered to every SoonerCare member without prior authorization. For more specialty services, a pre-admissions form may need to be completed.¹³ Services are intended for persons under age 21 at risk of hospitalization for psychiatric or substance use reasons or adults who are chronically or severely mentally ill. Services include:¹⁴

- Case management
- Inpatient, acute, and freestanding facilities
- Outpatient services
  - Psychotherapy
  - Psychological testing
- Program of Assertive Community Treatment Services
  - Services are delivered through community-based treatment, rehabilitation, and behavioral health supports for individuals 18 years of age or older and in need of intensive, ongoing services.
- Psychiatrist visits
- Psychologist visits (children only)
- Residential programs (children only)
  - Residential Psychiatric Treatment Facilities: services in a hospital that meet the requirements of a psychiatric facility
  - Residential Behavior Management Services in foster care settings; for children who have psychological, social, and emotional needs
  - Residential Behavior Management services in group settings and non-secure diagnostic and evaluation centers; for children in the custody of the state who have special psychological, emotional and social needs
  - Residential Substance Abuse Services: Medicaid covers medical detoxification only
- Covered drug therapies: nalmoxone, naltrexone, acamprosate, and disulfiram.¹⁵

**Oral Health**¹⁶

Enrollees of **SoonerCare** and **SoonerCare Choice** who are under age 21 qualify for:

- Cleanings once every 6 months
- X-rays
- Fillings
- Crowns

Enrollees over age 21 only receive emergency extractions.
